

## ADDING VIDEO INTO YOUR COURSE CONTENT USING THE INSERT STUFF TOOL

1. Click **Upload/Create** button and select **Create a File** from the dropdown list.

2. Enter a title for the video and click **Insert Stuff icon** that's on the left.

3. Scroll down and select YuJa from the list.

In	sert Stuff	>	
<b></b>	My Computer	>	
	Course Offering Files	>	
<	Shared Files	>	
-	Learning Repository	>	
4	ePortfolio	>	
You	YouTube	>	
ø	Insert Link	>	
۲	Enter Embed Code	>	
2	YuJa	>	
	Cancel		

4. Make sure **Video** is selected and then click **Browse** to find and upload your video. Your video will start uploading. Wait until the upload is **finished** and then click **Confirm**.
