

Pooled Questions in Quizzes

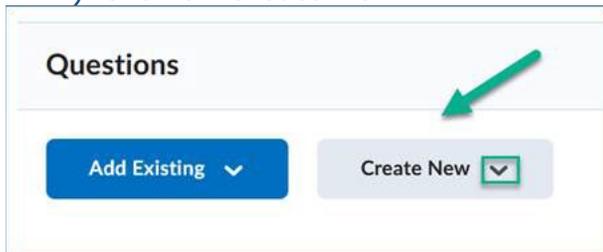

Pooled questions is a feature that allows for setting up quizzes that pull from a larger list of questions than the quiz is intended to be. For example, creating a pool of 30 questions for a 5-question quiz.

Question Library Set-up

- 1) Go to Quizzes
- 2) Go to Question Library
- 3) Click on New and then Section
 - a. Name the section after the chapter or unit
- 4) Create or add questions to the Section
- 5) Complete all of the sections/folders of questions for various quizzes in the Question Library before moving onto setting up pools of questions.

Pooled Question Set-up

- 6) Click on Edit of quiz you want to set up
- 7) Click on Create New

- 8) Select Question pool from the drop-down menu
- 9) Name it – I recommend naming the pool slightly different than the section/folder in Question Library e.g. section/folder may be Quiz 1 questions and pooled questions could be Pooled quiz 1

- 10) Choose the box for the number of questions, points, then **scroll down** – there’s a scroll bar on the inside of this screen to click on **Browse Question Library**.

The screenshot shows the 'New Question Pool' form. It includes a text input field for 'Question Pool Title *' with a green arrow and the number '1' pointing to it. Below this are two numeric input fields: 'Number of Questions to Select *' with a green arrow and the number '2' pointing to it, and 'Points per Question *' with a green arrow and the number '3' pointing to it. At the bottom left are 'Save' and 'Cancel' buttons. On the right side, there is a vertical scroll bar with a green arrow and the number '4' pointing to it.

The screenshot shows the 'Browse Question Library' interface. It features a search bar with the placeholder text 'Search...' and a magnifying glass icon. To the right, there is a message: 'Questions will be housed within the sections you have set up.' with a green arrow pointing to it. Below the message is a dropdown menu labeled 'Source: Question Library' with a downward arrow.

Choose the questions individually, or the entire list of questions within a section/folder.
