**Alternate Format Courses: CCD Online, CCC Online, Hybrid, Late Start, GT, Interim, Evening, and Weekend**

Online courses have a professor and a class of 12 to 25 learners. Online courses have specific beginning and ending dates. Week by week, learners cover specific material, and there may be due dates for assignments. Online courses are not self-paced. On a day-to-day basis, learners retain control over their schedules; they don’t need to be at their computers at a specific time on a specific day. Class participation and the exchange of ideas is the foundation of the CCD Online Learning program; although classmates and professors may be geographically remote, students will definitely be well-connected to them. Students must have access to a PC, an Internet Service Provider and an email account. Access online courses (with section numbers beginning with “7”) at www.ccd.edu and clicking on the Desire2Learn icon at the bottom of the page.
