COMMUNITY COLLEGE OF DENVER
Addendum to the 2015-2016 Online and Printed Catalogs

Additions/Changes In Yellow

This addendum is an integral part of the college’s 2015-2016 Academic Catalog; the purpose of this document is to amend current information or include additional information. The information published herein is effective for the 2015-2016 school year. If any of these changes impact a student’s ability to graduate, please contact the dean for the area in question.

FERPA Update

CCCS ANNUAL NOTIFICATION TEMPLATE
Family Education Rights and Privacy
CCD Notification of Rights Under FERPA
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. FERPA rights are afforded to the students at the time of admission. These rights include:

1) The right to inspect and review the student’s education records within 45 days of the day CCD receives a request for access. A student should submit to the Office of Admissions, Records and Registration, a written request that identifies the record(s) the student wishes to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Registrar, they shall advise the student of the correct official to whom the request should be addressed.

2) The right to request the amendment of the student’s education records that the student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights.

   A student who wishes to ask CCD to amend a record should write the Registrar who will notify the college official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment using the Student Grievance Procedure SP 4-31. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3) The right to provide written consent before CCD discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to College officials with legitimate educational interests. A College official is a person employed by the College in an administrative, supervisory, academic or research or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted as its agent to provide a service instead of using college employees or officials (such as an attorney, auditor, or collection agent); a person serving on the College Board; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. CCD has designated the National Student Clearinghouse as a College official. A College official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College. Upon request, the College discloses education records, without a student’s consent, to officials of another school, in which a student seeks or intends to enroll, or after enrollment.

   The college may share educational records to parents in the following circumstances: for a student who is dependent under I.R.S. tax code; a student under 21 years old who has violated a law or the schools rules or policies governing alcohol or substance abuse; and when the information is needed to protect the health or safety of the student or other individuals in an emergency.

FERPA Annual Notice to Reflect Possible Federal and State Data Collection and Use

As of January 3, 2012, the U.S. Department of Education’s FERPA regulations expand the circumstances under which your education records and personally identifiable information (PII) contained in such records — including your Social Security Number, grades, or other private information — may be accessed without your consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities (“Federal and State Authorities”) may allow access to your records and PII without your consent to any third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is “principally engaged in the provision of education,” such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to your education records and PII without your consent to researchers performing certain types of studies, in certain cases even when we object to or do not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they

*Students planning to transfer to CSU-FC will be required to complete a 200-level foreign language for completion of the BA in Art-Art History. Students will be expected to be prepared upon completion of the associate's degree to take an intermediate foreign language or be able to pass the CSU-FC Foreign Language placement exam at the sophomore level. It may not be possible to complete the BA in Art-Art History concentration in two years without this prior foreign language competency.

Note: Course substitutions are not permitted for any Statewide Transfer Degree program.

If, because course substitutions are not permitted, a student is not able to complete this Statewide Transfer Degree plan, the student should see a Program Advisor for guidance.

All changes are shaded yellow.

Students are strongly encouraged to seek academic advising prior to registration regarding the acceptability of online science courses. If they anticipate transferring to a four year institution or completing graduate work in the science or health professions. It should be noted that per Colorado Revised Statute, § 23-1-125(1)(e), general education courses taken online are guaranteed to satisfy core course (GT Pathways) requirements at all Colorado public institutions of higher education.

**Note:** Course substitutions are not permitted for any Statewide Transfer Degree program.

If, because course substitutions are not permitted, a student is not able to complete this Statewide Transfer Degree plan, the student should see a Program Advisor for guidance.

In addition to meeting the requirements listed here, contact the department at the school to which you want to transfer for program-specific information.

If these credits are not required for the major at the receiving 4-year institution, they will be applied to the Bachelor’s degree as elective credit towards graduation. Please check with the receiving institution to determine in which way these courses will be applied.

**Note:** Course substitutions are not permitted for any Statewide Transfer Degree program.

If, because course substitutions are not permitted, a student is not able to complete this Statewide Transfer Degree plan, the student should see a Program Advisor for guidance.

*Students planning to transfer to University of Colorado Boulder must take CHE 112 (not CSC 160) to fulfill this requirement; students planning to transfer to University of Northern Colorado must take CSC 160 (not CHE 112) to fulfill this requirement; students planning to transfer to Fort Lewis College or University of Colorado Colorado Springs must take both CSC 160 and CHE 112; students planning to transfer to a receiving institution not listed here may choose either one of these courses.

**Please Be advised: If you choose to take one of these courses, it will put you over 60 credits. The courses will transfer but the extra credits may not. That is, the receiving institution may still require the completion of 60 credits for the major.

Note: Course substitutions are not permitted for any Statewide Transfer Degree program.

If, because course substitutions are not permitted, a student is not able to complete this Statewide Transfer Degree plan, the student should see a Program Advisor for guidance.

*All changes are shaded yellow.*
This statewide transfer articulation agreement in Chemistry does not fulfill requirements for the GT Pathways general education curriculum or the Associate of Science degree prior to transfer; however, this agreement does guarantee a student, if admitted, junior standing and completion of the baccalaureate degree within an additional 60 semester hours at the receiving institution.

Completion of the receiving institution’s lower division general education requirements is fulfilled only under the condition that one GT Pathways-approved course in arts and humanities (AH1, AH2, AH3, or AH4) and one GT Pathways-approved course in social and behavioral sciences (SS1, SS2, or SS3) are successfully completed at the receiving institution within the first 30 hours or 12 calendar months.

Students transferring to a 4-yr college/university under this Chemistry agreement are encouraged to ‘reverse’ transfer the one GT Pathways course in arts and humanities and the one GT Pathways course in social and behavioral sciences (Note #2 above) back to their community college in order to complete the GT Pathways general education program and to earn their Associate of Science degree with a Chemistry designation.

Lecture and laboratory portions of organic chemistry, CHE 211 and 212, must not be taken in an online delivery format.

**Note:** Course substitutions are not permitted for any Statewide Transfer Articulation Agreement.

If, because course substitutions are not permitted, a student is not able to complete this Statewide Transfer Articulation Agreement, the student should see a Program Advisor for guidance.

**CERTIFICATE IN MACHINE TECHNOLOGIES**  
CCD Manufacturing Center  
Multi Axis Lathe Certificate  
**This certificate is not eligible for federal student aid.**

This program is designed to instruct students in the set-up, operation, and programming of multi axis lathes. The student will work with live-tooling and dual-spindles to program and manufacture one-off parts. This course of study is an advanced program meant for Machining Technologies AAS degree graduates or for incumbent employees with advanced CNC skills and advanced programming experience.

**Program Admission Requirements**  
Completion of a Machining Technologies degree within the past 5 years. Minimum work history requirements, prior CNC programming experience, minimum testing scores and employer references.

**CERTIFICATE IN MACHINE TECHNOLOGIES**  
CCD Manufacturing Center  
CNC Wire EDM Certificate  
**This certificate is not eligible for federal student aid.**

This program will instruct a student in the basics of CNC wire EDM set-up, programming and controller operations. This course of study is an advanced program meant for Machining Technologies AAS degree graduates or for incumbent employees with advanced CNC skills and programming experience.

**Program Admission Requirements**  
Completion of a Machining Technologies degree within the past 5 years. Minimum work history requirements, prior CNC programming experience, minimum testing scores and employer references.
CERTIFICATE IN MACHINE TECHNOLOGIES

CCD Manufacturing Center

Five Axis Milling Machine Certificate

**This certificate is not eligible for federal student aid.**

Upon completion of this program a student will be able to set-up, operate and program five-axis milling machines. The student will be familiar with tool management, pallet changers, and lights-out manufacturing. This course of study is an advanced program meant for Machining Technologies AAS degree graduates or for incumbent employees with advanced CNC skills and advanced programming experience.

Program Admission Requirements

Completion of a Machining Technologies degree within the past 5 years. Minimum work history requirements, prior CNC programming experience, minimum testing scores and employer references.

This exam will be by invitation only, based upon having met the minimum requirements and submission of a completed application. Admission to the program, which is a highly competitive process, is based on a point system (100), determined by the following considerations. They will be evaluated by the program faculty.

Prior to enrolling in the program, students must complete all steps of the CCD college admissions process. The online college application is available at www.ccd.edu: select “Future Student, Apply to CCD Today.” Radiologic Technology admissions packets are dual registered, RT(R)(T).

Qualified applicants will be notified on or before May 25. Upon program acceptance, background check, fingerprinting and drug screening must be completed prior to the start of classes.

RADIATION THERAPY

Upon successful completion of the Radiation Therapy Program, graduates are eligible to apply for registry by the American Registry of Radiologic Technologists (ARRT) in Radiation Therapy. This program will prepare diagnostic technologists, RT(R), to be Radiation Therapists, RT(T). A certificate is obtained over three semesters. A new class begins in the fall semester of each year. Graduates will be dual registered, RT(R)(T).

Application Information

See program application process at our website www.ccd.edu/program/radiation-therapy.

Radiation Therapy Certificate

Center for Health Sciences at Lowry

Steps to a Successful Application

Prior to enrolling in the program, students must complete all steps of the CCD college admissions process. The online college application is available at www.ccd.edu: select “Future Student, Apply to CCD Today.” Radiologic Technology admissions packets are dual registered, RT(R)(T).

ASSOCIATE OF APPLIED SCIENCE DEGREE IN RADIOLOGIC TECHNOLOGY

Steps to a Successful Application

Prior to enrolling in the program, students must complete all steps of the CCD college admissions process. The online college application is available at www.ccd.edu: select “Future Student, Apply to CCD Today.” Radiologic Technology admissions packets are dual registered, RT(R)(T).

ASSOCIATE OF APPLIED SCIENCE DEGREE IN RADIOLOGIC TECHNOLOGY

Steps to a Successful Application

Prior to enrolling in the program, students must complete all steps of the CCD college admissions process. The online college application is available at www.ccd.edu: select “Future Student, Apply to CCD Today.” Radiologic Technology admissions packets are dual registered, RT(R)(T).
— Interview with the application panel (30 points)

  Note: The number of applicants who are invited to participate in the interviews depends upon the number of clinical placement sites which are available. Approximately 36 interviews will be granted.

— Health care experience (not requisite criteria) (4 points)
— Proof of Colorado residency (4 points)

* Approximately 25 of the highest scoring candidates from the panel interview and admissions evaluation will be invited to enter the Radiologic Technology program.
* Candidates who are not selected to enter the program will be provided with advisement, if desired. Students may apply for the program a total of three times.
* All prerequisite science classes must have been taken within seven academic years prior to the July start of the program. All math courses must have been taken within 10 academic years prior to the start of the program. Science courses must have been taken within 7 academic years prior to the start of the program.

MAMMOGRAPHY CERTIFICATE

Program Admission Requirements

Prior to enrolling in the program, students must complete all steps of the CCD college admissions process. The online college application is available at www.ccd.edu: select “Future Student, Apply to CCD Today”.

Note: Admission to the college does not guarantee admission to the Mammography program.

* Admission to the Mammography program is dependent upon the following:
  * Fulfilling all requirements for admission to CCD.
  * Current ARRT certification in Radiography.
  * Applicants must have a minimum of one year experience in direct patient care.
  * Submission of a complete admissions packet a minimum of eight weeks prior to the start of the semester in which the student plans to begin the program. Dates will be verified by postmark.
  * Clinical sites are limited. Enrollment in RTE 291 is restricted, and internship placement is on a first-come, first-served basis. Students will be notified by the Mammography Coordinator of acceptance and placement.

Admissions Packet

The admissions packet consists of documents that can be downloaded from the website https://www.ccd.edu/academics/academic-centers/health-sciences-lowry/programs-study/radiologic-technology/apply and includes the following:

  * Mammography Program Application
  * Current resume with proof of one year direct patient care experience
  * Copy of current ARRT certification card
  * Current CPR (BLS for Healthcare Providers) card
  * Background Check and Drug Screen - must be completed six weeks prior to start of the semester after notification of acceptance into the program by the Mammography Coordinator.
  * State of Colorado Provisional Mammography License—Colorado requires a provisional license for mammographers in training. Students will apply for this license upon acceptance into the program and completion of the requisite Background Check and Drug Screen. Immunization record documenting the following:
    * PPD done within the last 3 months
    * MMR - 2 immunizations or documentation of immunity
    * Hepatitis B series
    * Varicella - immunization or documentation of disease
    * Tetanus/Diphtheria Toxoid (TD)
    * Annual Flu Shot

Updates and Corrections to Courses

“950” courses in all subject prefixes denote inter-institutional courses. See the Glossary of Academic Terms for more information.

AST 155 Astronomy of Ancient Cultures: GT - SC2

3 credit hours

Prerequisite: Grade of C or better in CCR 092, CCR 093, CCR 094, or ENG 090 and REA 090; and grade of C or better in MAT 090 or MAT 050; or English assessment score of 95 or better and/or Reading assessment score of 80 or better; and Math assessment score of 60 or better; or equivalent ACT/SAT scores

Introduces the study of archaeoastronomy and ethnoastronomy. Students will study the principles of naked eye astronomy and examine how those principles have been used for timekeeping, navigation, religion and ritual, political power, cosmology and worldview. Meth-
ods of the ethnoastronomer will be covered, including measurement of alignments, analysis of written records, examination of art and architecture, and incorporation of general knowledge about the culture being studied. This course is one of the Statewide Guaranteed Transfer Courses. GT-SC2

EGT 289 Capstone-Projects in 3D for Industrial Drafting and Design
6 credit hours
Prerequisite: Chair permission
A demonstrated culmination of learning within a given program of study.

ESL 031 Basic Listening & Speaking
3 credit hours
Prerequisite: LOEP Listening assessment score of 35-49
Focuses on listening and speaking activities that help the student communicate more competently. Provides practice with pronunciation, vocabulary, and basic grammatical patterns.

ESL 032 Intermediate Listening & Speaking
3 credit hours
Prerequisite: ESL 031 or ESL 071 with a grade of C or better, or LOEP Listening assessment score of 50-69
Teaches listening, pronunciation and conversation skills. Increases speed and accuracy in speaking through free and guided conversational practice.

ESL 033 Advanced Listening & Speaking
3 credit hours
Prerequisite: ESL 032 or ESL 072 with a grade of C or better, or LOEP Listening assessment score of 70-89
Provides students with opportunities to increase the listening and speaking skills required in academic and work situations. Emphasizes vocabulary building, listening, and note-taking strategies, as well as questioning, discussion and presentation skills.

HIS 203 Civil War Era in American History: GT-HI1
3 credit hours
Prerequisite: Grade of C or better in CCR 092, CCR 093, CCR 094, or ENG 090; or English assessment score of 95 or better, or equivalent ACT/SAT scores
Explores the causes, course, and consequences of the American Civil War, from the Colonial period to the 21st Century, in order to understand the multiple meanings of a transforming event in American history. Students will explore the meanings of the war as defined in many ways: national, sectional, racial, gender, constitutional, individual, social, intellectual, or moral. Students will closely examine four broad themes: the crisis of union and disunion in an expanding republic; slavery, race, and emancipation as national problem, personal experience, and social process; the experience of modern, total war for individuals and society; and the political and social challenges of Reconstruction. This course is one of the Statewide Guaranteed Transfer courses. GT-HI1

HPR 112 Phlebotomy
4 credit hours
Prerequisite: Grade of C or better in BIO 201, BIO 202, ENG 121, HPR 137, HPR 178 and MOT 136
Teaches the duties associated with the practice of venipuncture, capillary puncture, and special collection procedures. Students will have experience with quality control, infection control and safety procedures as well as laboratory computer systems. Students successfully completing this course may apply for a National Phlebotomy Registry Examination.

HPR 137 Human Diseases
4 credit hours
Prerequisite: Grade of C or better in BIO 201, BIO 202, HPR 178 and MOT 136
Corequisite: MOT 150
Covers basic knowledge of the deviations that occur in the human body with disease and injury. An integrated study of signs/symptoms, diagnostic tests and treatment.

JOU 106 Media News and Reporting
3 credit hours
Prerequisite: Grade of C or better in CCR 092, CCR 093, CCR 094, or ENG 090; or English assessment score of 95 or better, or equivalent ACT/SAT scores
Introduces newswriting, reporting and interviewing with an emphasis on clarity, accuracy, completeness, timeliness and fairness.

JOU 225 New Media
3 credit hours
Prerequisite: ENG 121 with a grade of C or better
All changes are shaded yellow.
Explores techniques and approaches in the latest delivery methods for internet-based journalism. Students explore digital media outlets such as blogs, audio and video podcasts, e-zines and social networks. Students create journalistic pieces for internet-based media, focusing on best journalistic practices, ethics of internet media, and technology emergence effecting digital journalism. Concepts in video production, photography, writing, sourcing, editing and relevant skills necessary for the citizen journalist are introduced. Students create components for online news dissemination.

MOT 138 Medical Assisting Laboratory Skills
4 credit hours
Prerequisite: Grade of C or better in BIO 201, BIO 202, COM 220, ENG 121, HPR 178, MOT 136 and PSY 101
Introduces the student to basic routine laboratory skills and techniques for collection, handling, and examination of laboratory specimens often encountered in the ambulatory care setting. Emphasizes hands-on experience.

MOT 140 Medical Assisting Clinical Skills
4 credit hours
Prerequisite: Grade of C or better in BIO 201, BIO 202, COM 220, ENG 121, HPR 178, MOT 136 and PSY 101; and grade of C or better in MAT 121 or Math assessment score of 85 or better
Provides hands on experience with the clinical skills required for assisting with patient care. Delivers the theory behind each skill presented as well as proper technique for performing each skill.

MOT 150 Pharmacology for Medical Assistants
3 credit hours
Prerequisite: Grade of C or better in BIO 201, BIO 202, HPR 178 and MOT 136
Corequisite: HPR 137
Provides an overview of pharmacology language, abbreviations, systems of measurement and conversions. The Controlled Substances Act, prescriptions, forms of medications, patient care applications, drug classifications/interactions, and safety in drug therapy and patient care are presented. Information regarding the measurement of medications, dosage calculations, routes of administration, and commonly prescribed drugs in the medical office is provided.

SOC 210 Technology and Society
3 credit hours
Prerequisite: ENG 121; and SOC 101 or SOC 102 with a grade of C or better
Analyzes the relationship between technology and human society and culture; how technology has influenced the development of society and how social and cultural forces have influenced the development of technology.
