COMMUNITY COLLEGE OF DENVER
Addendum to the 2016-2017 Online and Printed Catalogs

Additions/Changes In Yellow

This addendum is an integral part of the college's 2016-2017 Academic Catalog; the purpose of this document is to amend current information or include additional information. The information published herein is effective for the 2016-2017 school year.

If any of these changes impact a student’s ability to graduate, please contact the dean for the area in question.

Added Programs

Note: The following added programs are not new to CCD but were omitted from the printed version of 2016-2017 catalog.

ASSOCIATE OF ARTS DEGREE – EARLY CHILDHOOD EDUCATION DESIGNATION
The following courses represent the statewide transfer agreement between the Colorado Community College System and all Colorado four-year institutions offering Early Childhood Teacher Education preparation programs. The first 54 credit hours are common for all transfer institutions. The final 6 elective credits must be determined with the assistance of an advisor as they are specific to the receiving institution. The four-year college or university will accept all credits in the student's early childhood education graduation agreement earned within 10 years of transfer. Courses earned more than 10 years earlier will be evaluated on an individual basis. All interested students should meet with an Academic Advisor to select appropriate electives.

General Education Required Courses

English
ENG 121 English Composition I .................................................................GT-CO1 3
ENG 122 English Composition II ...............................................................GT-CO2 3

Mathematics
Select one of the following .................................................................................. 6-7
MAT 120 Math for Liberal Arts ............................................................................GT-MA1

or
MAT 121 College Algebra ........................................................................................GT-MA1

or
MAT 135 Intro to Statistics ....................................................................................GT-MA1

or
MAT 155 Integrated Math I &
MAT 156 Integrated Math II

Arts & Humanities
Select two courses from the following ................................................................... 6
ART 110 Art Appreciation .......................................................................................GT-AH1
LIT 115 Introduction to Literature I .................................................................GT-AH2
LIT 255 Children’s Literature

Subtotal .................................................................................................................. 35-36

Additional Required Courses

COM 115 Public Speaking .......................................................................................3
ECE 101 Introduction to Early Childhood Education ........................................3
ECE 102 Introduction to Early Childhood Lab Techniques ................................3
Select one of the following .................................................................................. 1
ECE 188 Practicum: Early Childhood Education
ECE 209 Observing and Utilizing Young Children’s Assessment Instruments
ECE 236 Child Growth/Development Laboratory
ECE 205 Nutrition, Health and Safety ...............................................................3

All changes are shaded yellow.
NOTE: Course substitutions are not permitted for any Statewide Transfer Degree program. If, because course substitutions are not permitted, a student is not able to complete this Statewide Transfer Degree plan, the student should see an Academic Advisor for guidance.

ASSOCIATE OF ARTS DEGREE – ELEMENTARY EDUCATION DESIGNATION

The following courses represent the statewide transfer agreement between the Colorado Community College System and all Colorado four-year institutions offering Elementary Education teacher preparation programs. The first 41 credit hours are common for all transfer institutions. The final 19 elective credits must be determined with the assistance of an advisor as they are specific to the receiving institution. ENG 121 must be completed with a grade of B or better for transfer. The four-year college or university will accept all credits in the student's education graduation agreement earned within 10 years of transfer. Courses earned more than 10 years earlier will be evaluated on an individual basis. All interested students should contact their Academic Advisor to select appropriate electives.

1 Students planning to transfer to CSU-FC for completion of the BA in Studio Art must complete two semesters of one foreign language for their electives OR be able to pass the CSU-FC Foreign Language placement exam at the sophomore level. It may not be possible to complete the BA in Studio Art in two years without this prior foreign language competency.

NOTE: Course substitutions are not permitted for any Statewide Transfer Degree program. If, because course substitutions are not permitted, a student is not able to complete this Statewide Transfer Degree plan, the student should see an Academic Advisor for guidance.

ASSOCIATE OF APPLIED SCIENCE – EMERGENCY MEDICAL SERVICES
Center for Health Sciences at Lowry
This associate’s degree prepares students for advanced medical fields such as nursing, paramedic, physician assistant, medicine and physical therapy. Students completing the Associate of Applied Science Degree in Emergency Medical Services will be eligible for preferential acceptance into the Paramedic program at Denver Health providing they meet the established entry requirements. This associate’s degree program is eligible for federal student aid.

Program Application, Admission and Requirements
Successful completion of the Emergency Medical Technician Certificate is required to continue the AAS in EMS. See the Emergency Medical Technician (EMT) Certificate for program application, admission and requirement information.

EMT Certificate Course Requirements
EMS 121 EMT Fundamentals .................................................................................................................. 3
EMS 122 EMT Medical Emergencies........................................................................................................ 4

EMS 124 EMT Special Considerations .................................................................................................... 2
EMS 170 EMT Basic Clinical .................................................................................................................. 1
Subtotal .................................................................................................................................................. 12

- Successful completion of the NREMT practical and written examination. Students must have a current NREMT EMT Certificate.
- Current Healthcare Provider or Professional Rescuer CPR card.
- Pass a drug screen and background check.
- Follow all immunization policies for CCD which includes, but is not limited to, a current TB screening test. These tests must be completed by CCD’s designated agency.

## ASSOCIATE OF APPLIED SCIENCE VETERINARY TECHNOLOGY

### Center for Health Sciences at Lowry

Veterinary Technicians are paraprofessional members of a veterinary team, assisting a Doctor of Veterinary Medicine. Veterinary Technicians perform a variety of tasks, including preparing examination rooms and surgery suites, holding and restraining animals during the exam and/or treatment, collecting specimens, performing routine laboratory procedures, taking diagnostic X-rays, administering medication or treatments, assisting in surgery, performing office skills, maintaining inventory of supplies and assisting with client education.

Career opportunities for Veterinary Technicians are available in a variety of settings, including private veterinary practices, research laboratories, kennels, zoos, and local, state and federal agencies. These experiences can lead to other job opportunities such as sales, animal hospital administration, teaching in a Veterinary Technology program and animal advocacy.

This is a full-time 5 semester program that is a blend of academic and clinical coursework that requires attention to detail, motivation and the ability to complete tasks within a specified time frame. The students of Community College of Denver Veterinary Technology Program are encouraged to be self-directed in their learning and to establish high standards of professional and personal excellence.

Graduates are eligible to take the Veterinary Technician National Examination and have been able to rapidly find placement in the veterinary health care community. Community College of Denver Veterinary Technology program is one of only two Community College of Colorado programs located in the Denver Metro area offering an Associate of Applied Science Degree in Veterinary Technology.

Community College of Denver offers one of the most respected Veterinary Technology programs in the state.

RADIATION THERAPY CERTIFICATE

Center for Health Sciences at Lowry

Upon successful completion of the Radiation Therapy Program, graduates are eligible to apply for registry by the American Registry of Radiologic Technologists (ARRT) in Radiation Therapy. This program will prepare diagnostic technologists, RT(R), to be Radiation Therapists, RT(T). A certificate is obtained over three semesters. A new class begins in the fall semester of each year. Graduates will be dual registered, RT(R)(T).

APPLICATION INFORMATION

Visit www.CCD.edu/Rad-Therapy to view information regarding the program application process. For more information, please contact Don McCoy (Program Chair) at 303.365.8356.

Qualified applicants will be notified on or before May 25. Upon program acceptance, background check, and drug screening must be completed prior to the start of classes.

### New Courses

**AAA 175 | Special Topics**  
Lecture Credit: 0-12  
Exploration of current topics, issues and activities related to one or more aspects of the named discipline.  
*Prerequisite: This course may require prerequisites or permission of instructor*

**VET 172 | First Year Clinical Rotation**  
Clinical Credit: 1  
Examines basic animal care, examination, and handling skills essential for veterinary technicians including demonstrating an understanding of animal behavior, restraining cats and dogs in a safe and effective manner, performing thorough physical examinations on cats and dogs, obtaining accurate physiological data on cats and dogs, obtaining a complete patient history, performing a nail trim, administering vaccines and collecting a blood sample from a cat or dog.  
*Prerequisite: VET 102, VET 108, VET 116, VET 120, VET 205, with a grade of C or better*  
*Corequisite: VET 182*

**VET 223 | Introduction to Anesthesia**  
Lecture/Lab Credit: 1  
Examines basic principles in veterinary anesthesiology, including the role of the veterinary technician anesthetist, important concepts relating to various types of anesthesia, preparation of anesthetic equipment and machine, pre-operative patient management, and recording information during anesthesia.  
*Prerequisite: VET 102, VET 108, VET 116, VET 120, VET 205, with a grade of C or better*

**VET 232 | Veterinary Dentistry**  
Lecture Credit: 1
