COMMENCEMENT
 THURSDAY, MAY 11, 2023
 AURARIA CAMPUS

Congratulations, CityHawk!

Commencement is a special day, and it is my distinct honor to celebrate this important milestone with you. It is with great pride that I, as president, confer your degrees and certificates from Community College of Denver.

More than 1,200 graduates are celebrating with you. This year is one of our most diverse graduating classes, with students ranging in age from 63 to our youngest at 15 years of age. Your graduating class includes the intrepid teens from our High School Connections program, DREAM-ers, first-generation students, adult learners, international students, United States military veterans, and active-duty members; all of whom helped provide a rich and unique learning environment during your time with CCD.

Throughout the year, I have heard several stories of your triumphs, what you've overcome to be here today, and how tenacious you've been. I know how hard you have worked to get here. You may have questioned yourself along the way, but something or someone motivated you to push forward and break through that fear.

In addition to earning the certificates and degrees conferred upon you today, you have earned the right to be associated with a very special group of individuals. You can now call yourself alumni of the Community College of Denver. As our newest alumni, I invite you to remain active participants in our college community – speak well of your alma mater, encourage others to earn an education, and wear your CCD memorabilia with pride.

On behalf of the stellar CCD faculty, staff, and college community, congratulations on your achievements, graduates. We look forward to your continued success.

Go CityHawks!

DR. MARIELENA P. DESANCTIS
 President, Community College of Denver

KEYNOTE SPEAKER

WANDA JAMES

Co-Founder and CEO, Simply Pure

Wanda James is a leading advocate for cannabis reform and the CEO of Simply Pure Dispensary. She is also the managing partner of the Cannabis Global Initiative (CGI), a marketing and consulting firm specializing in public relations, regulation, and political outreach.

Wanda was the first in her family to earn a college degree. In 1986, she graduated from the University of Colorado with a degree in Speech Communications. Upon graduation, she was commissioned as an officer in the United States Navy. Following her service in the Navy, Wanda held several corporate positions for two

Fortune 100 companies.

She is also a graduate of the Inaugural Class of the Los Angeles African American Women's Public Policy Institute at the University of Southern California. In 2023, she became the first black woman elected to the University of Colorado Board of Regents in more than 44 years. Her dedication to education and advocacy has led her to become a founding board member of the Cannabis Impact Fund, a philanthropic organization that supports social equity in the cannabis industry.

Wanda's achievements serve as an inspiration to all who strive to break down barriers and effect positive change in their communities.

THE IMPORTANCE OF REGALIA

REGALIA – the emblems, symbols and special dress of graduation include the robes, hoods, stoles, caps, tassels, cords and medals worn by Community College of Denver (CCD) graduates, faculty, staff and administrators. CCD graduates are wearing purple robes and mortarboards (caps). The purple and gold tassels that hang from the graduates' mortarboards identify CCD as their graduating college. A short gold tassel on the headgear of faculty, staff and administrators signifies the individual has earned a doctorate degree. A beret (tam), instead of a mortarboard, means the person has earned an advanced degree. Faculty, staff and administrators also wear "hoods" over their robes, which visually separate them from the graduates. Hood colors identify the school from which the individual graduated, the degree he or she earned and the area of study emphasis. Colored stripes on robe sleeves and at the throat also identify areas of study emphasis and degrees earned.

CCD HONORS for degree recipients are indicated by the following symbols in this program and if noted graduates may be recognized by the designated regalia described below:

▼ Cum Laude

(with honor) Cumulative Grade Point Average (CGPA) of 3.5-3.74

❖ Magna Cum Laude

(with great honor) CGPA of 3.75-3.99

► Summa Cum Laude

(with highest honors) CGPA of 4.0

■ Honors Program

These graduates may wear purple and gold cords and have completed the special honors program that requires additional course work within regular classes.

◆ Phi Theta Kappa

These graduates wear a gold stole and tassel. They have distinguished themselves not only by earning high grades, but through leadership, fellowship and service to the school and community. PTK officers are wearing medals that signify their office.

● President's Service Award

These graduates wear medallions for recognition by the CCD President for their overall outstanding contribution to the college and the communities it represents. A student may receive this award only once.

★ Psi Beta National Honor Society in Psychology

These graduates may wear cords, stoles or medallions. Psi Beta's mission is to encourage professional development and psychological literacy of all students at two-year colleges through promotion and recognition of excellence in scholarship, leadership, research, and community service.

💰 Scholarship Recipient 2021/2022, 2022/2023

These graduates distinguished themselves while attending CCD and were awarded scholarships for their outstanding contributions and achievements.

✧ Sigma Chi Eta Honors Society

These graduates wear purple and white cords. SCH is the National Communication Association's honor society for community college students. Goals include rewarding scholastic achievement, stimulating interest in communication, and exploring options for transfer.

In recognition of their military service to the United States of America, CCD honors graduating military and veteran students with red, white and blue cords.

International graduates may wear orange cords to signify they are a global student.

Graduates of the Health Sciences Programs may wear special pins to signify entry into their profession.

DEGREES & CERTIFICATES

CERTIFICATES

The college specially designs courses and sequences of courses in cooperation with business, commerce and local government that lead to a certificate award for students who complete the programs. Study for a certificate provides opportunity and rewards for students who wish to improve skills in their occupational/vocational fields. Courses in certificate sequences apply toward appropriate associate degree programs at CCD. Certificates are offered in more than 50 fields/occupations.

DEGREES

Associate of Arts (AA) Degree

A CCD Associate of Arts (AA) degree provides a learning foundation in communications, social science, arts and humanities. Although some students earn their AA for personal enrichment, most plan to transfer their AA credits to four-year colleges and universities to earn baccalaureate (bachelors') degrees. Sixteen Statewide AA transfer degrees known as Degrees with Designation (DwD) are offered.

Associate of Science (AS) Degree

The CCD Associate of Science (AS) degree is a university parallel/transfer program in mathematics and the sciences. Seven statewide AS transfer degrees known as Degrees with Designation (DwD) are offered.

Associate of General Studies (AGS) Degree

CCD offers an Associate of General Studies (AGS) degree. This degree requires the lower-division core general education courses, which transfer to all majors at all state four-year colleges and universities.

Associate of Applied Science (AAS) Degree

An Associate of Applied Science (AAS) degree program at CCD prepares students for entry-level employment in a given occupation, helps students upgrade employable skills, or transfer to a career or technical program at a partner 4-year institution. AAS degrees are offered in more than 30 areas of emphasis at the college.

Bachelor of Applied Science (BAS) Degree

CCD offers the Bachelor of Applied Science (BAS) as a degree completion program enabling students with a prior AAS to enhance their professional development and expand their career options. Three BAS degree are offered.
