- Events Committee tabling next week?

- HR,

If you saw a delay on the stipend pay, you should submit an HR complaint to document the fact that there is an issue and future members can be aware of issues that they may face. Most will go through HR system to receive pay for SGA participation, if you are already a work study student, nothing needs to be done (will be paid next pay period 9/25/26). HR can classify a SGA role to pay that. If you are not eligible to go through HR, then you will take a scholarship route to be

paid your stipend. If ICE has a warrant, they have every right to come on campus to detain that person.

Student Led Organization Rep:

- Attended lunch n learn at clear creek building. Met with our speaker, Jessica Wallace. One of the hosts, Lena Crawley, emailed me the event information. I also met Jim Chavez, who is part of the foundation.

Nicole motioned to make an appointment with a potential new member, interested in Auraria Student Representative, SACAB rep, and V.P. I believe student leadership should be about listening to students and representing them. Students need to feel heard and included. Creating opportunities for students, making connections, and everyone's voices matter.

SSAC Rep (P): completed Tivoli recommendation form, questions about new position, meetings and what to do next.

Tivoli Reimagined – Student Needs and Inclusion

I would like to talk about some ideas I submitted for the new Tivoli and get everyone's feedback and support. I do not see these as special requests for only one group. Many of which are basic health, hygiene, privacy, and daily needs that can help different students. My goal is to make sure the new building works better for students with different health, hygiene, religious, cultural, and family needs, ideas of which include:

- Water-based cleaning options in restroom stalls
- Separate prayer spaces for women and men
- Wudu areas near the prayer rooms
- A reliable halal food option
- Free menstrual products
- Baby-changing stations for all parents
- A private lactation/nursing room

Tivoli is a major project with about **\$85 million planned for renovation**, and it serves students from CCD, MSU Denver, and CU Denver, with roughly **27,000 students on campus and in person**. Since the building is being redesigned, now is the best time to consider these needs before construction is finished and changes become harder and more expensive.

I would like to hear everyone's thoughts and discuss what SGA can do to help these ideas be formally reviewed and considered as part of the Tivoli project.

VII. Action Items:

- Events Committee tabling next week?

VIII. Open Form:

SHATIEK Sanchez: Open a position for new coming students, I cannot participate due to missing requirements, can I please ask to create a new position for me to participate in SGA? I have interest and motivation to join.

VIII. Adjournment (Nicole) moves to adjourn this meeting at (1:47)pm
