Please post anything you'd like to share to this discussion thread. It is not graded - just a safe place to practice discussions in D2L. You could give a brief introduction of yourself (background, culture, identity, etc.), what courses you are currently taking (or will take) at CCD and how these will help you succeed, or anything else that is appropriate.

Note that discussions are visible to *everyone* in the class of your real course(s). Please practice good "netiquette here," and if you have any concerns about content in this discussion, contact the TLC at tlc@ccd.edu or 303-352-3201.
