## Student Code of Conduct

[www.CCD.edu/StudentCode](http://www.CCD.edu/StudentCode)

Office of Student Conduct | Tivoli 343 |  
303.352.3205 [www.CCD.edu/StudentConduct](http://www.CCD.edu/StudentConduct)

CCD values involvement, integrity, lifelong learning and excellence. In the spirit of these values, we have the expectation that students adhere to a Code of Conduct, which is reflective of the values of the College.

## Mission Statement

The Office of Student Conduct believes that student learning takes place outside the classroom, as well as inside the classroom. Our goal is to use the conduct process as a tool for educating the student on personal conduct, ethical reasoning, and community responsibility. We will treat each case individually and each student with respect. We will involve the entire community in a culture of conversation, where reporting is a natural byproduct of a sincere commitment to the safety, security, and learning environment of the campus.

The Code of Conduct for Community College of Denver coincides with the Colorado Community College System (CCCS) policy on Student Disciplinary Procedure. According to CCCS policy SP 4-30, students are expected to adhere to the Student Code of Conduct and policies and procedures of the college.

For the full version of the Student Code of Conduct, please visit [www.CCD.edu/StudentCode](http://www.CCD.edu/StudentCode).

## Academic Integrity Policy

Students are expected to adhere to the Academic Integrity Policy.

The following are guidelines to assist students in observing academic integrity:

- Students must do their own work and submit only their own work on examinations, reports, and projects; unless otherwise permitted by the instructor.
- Students are encouraged to contact their instructor about appropriate citation guidelines.

- Students may benefit from working in groups. However, students must not collaborate or cooperate with others on graded assignments, examinations, or other academic exercises unless clearly directed to do so by the instructor.
- Students must follow all written and/or verbal instructions given by instructors or designated college representatives prior to taking examinations, placement assessments, tests, quizzes, and evaluations.
- Students are responsible for adhering to course requirements as specified by the instructor in the course syllabus.

## Notice of Non-Discrimination

## College education a ticket out of poverty

For Americans raised in the lowest 20 percent of income, a college education offered a way out and a way up. Ninety percent of adults with a college education moved out of the lowest quintile, and 53 percent moved into the middle class or above. Almost three-quarters of adults who did not attend college remained below middle class.
