Guest

Is the fall festival family friendly? Families are welcome

Guests are wondering how SGA can welcome a student without GPA if possible, potentially an intern role where they can volunteer hours to help at events, wanted to bring attention to SSAC Meh's survey idea of encouraging professors to encourage students to reply to surveys. Requests an itemized bill for CCD cost in tri-institutional events. Wants clarification in the case of removal of a member to see who's responsible for the removal information, does it come from the president or an advisor? Guest follows up about itemized bill, expresses concern about SGA events spending money on other institutions.

President encourages guest to come and volunteer at SGA events, encourages guest to come to the fall fest with family, President expresses concern on survey idea. . copies could be paper waste in case student do not take survey, President and Vice President are both in Events Committee and always available for specific questions regarding CCD Events, President encourage all who have questions regarding the Dia de Los Muertos event or any event to feel comfortable sharing concerns directly to the President and Vice president.

Vice President and President share that our events are for CCD students and encourage for events to clarify where and when CCD provide resources to tri-institutional events. Advisor Kloe clarifies events are reusable in CCD only and tri-institutional events.

Advisor Nicole encourages SGA members to encourage students to attend our committee meetings.
