

Navigate360 – Student Application Resources Guide

Introduction to Resources:

Overview:

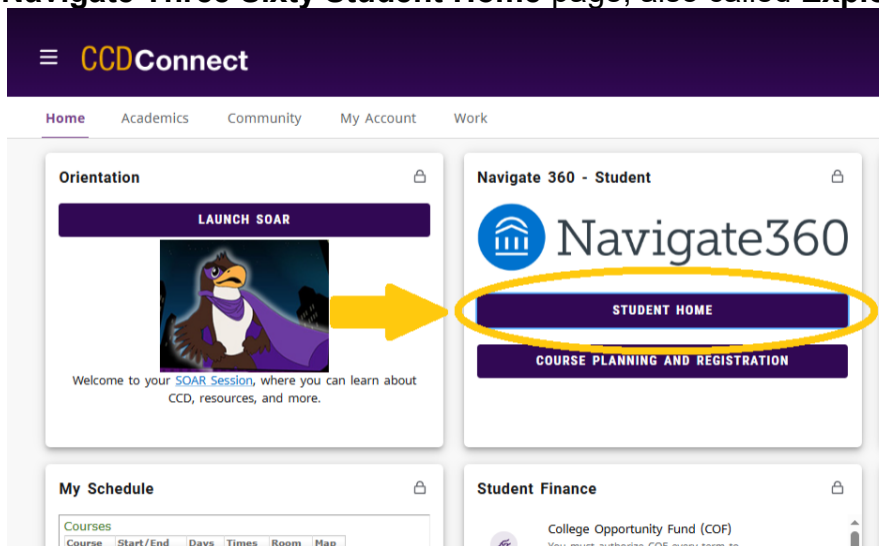

The Navigate360 Student Application provides a powerful resource feature designed to help students access support and connect with relevant campus services. This feature simplifies the process of finding valuable academic and personal support by organizing resources into easily navigable categories. The purpose of this feature is to guide students in locating and utilizing resources such as tutoring, mental health services, and advisor information, ensuring they have the tools they need for success.

Getting Started with Resources:

1. Accessing Resources on Desktop

1.1. Access Navigate Three Sixty

On the **C-C-D Connect dashboard**, click on **Navigate Three Sixty - Student Home**. This will take you to the **Navigate Three Sixty Student Home** page, also called **Explore**.

1.2. Access the Resource Feature

On the left-hand side of the **Explore** page, select the **Resource** icon. This will open the resource feature where you can find various support options.

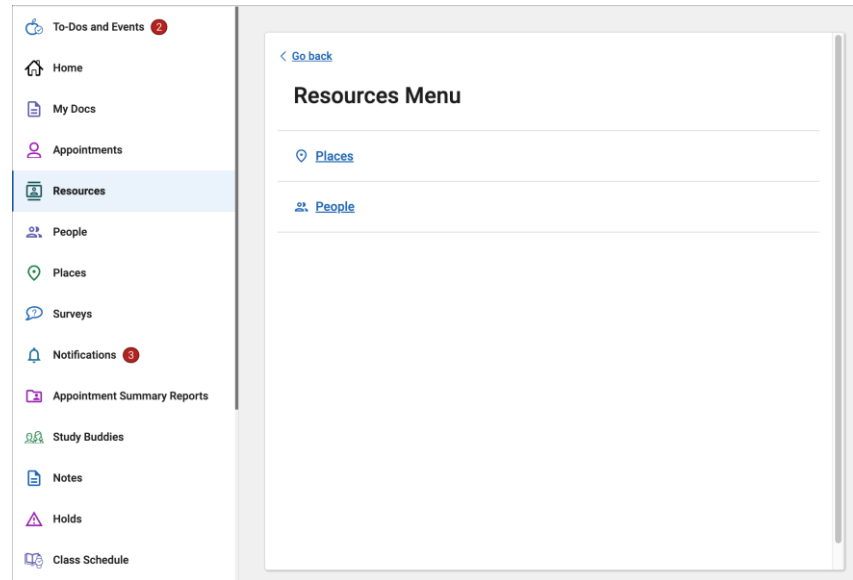

1.3. Categories

The resource feature is divided into two categories:

- **Places:** Here, you can view resources assigned to broad student-focused topics (e.g., tutoring, academic support).
- **People:** This section displays information for your advisor or care teams, if any are assigned to you.
