

BEHAVIORAL HEALTH CERTIFICATES

BEH+ (6 credits)	QBHA (10 credits)	BEHAVIORAL HEALTH ASSISTANT II (16 credits)	ADDICTION RECOVERY ASSISTANT (20 credits)
The Behavioral Health Plus Certificate prepares students with foundational behavioral health knowledge.	The Qualified Behavioral Health Assistant Certificate is designed to help prepare students in the development of foundational behavioral health knowledge, as well as crisis intervention.	The BHA II builds upon the QBHA I certificate through service-learning experience, as well as a deeper analysis of diverse cultural backgrounds and perspectives that impact care in behavioral health settings.	The Addiction Recovery Assistant Certificate provides students with skills to support individuals in their treatment of substance abuse or dependence.
